REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

As indicated in previous office actions, the prior art of record discloses many of the limitations of the claims of the present invention. However, independent claim 21 is allowable as the prior art of record does not disclose the combination of the limitation of emergency call handling function querying an Internet Service Provider (ISP) associated with the Internet device, the ISP having account information associated with the IP address of the Internet device and the limitation of the emergency call handling function encapsulating the physical address information within a PSAP message and sending the emergency request message along with the physical address through the Public Switched Telephone Network (PSTN) to a PSAP in an emergency response service zone serving the Internet device in combination with all the other limitations of claim 21. Independent claim 30 is allowable for similar reasons. Further, claims 22-29 and 31-39 are allowable as they depend from allowable claims 21 and 30, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
